

**EDUCATIONAL VALENCES OF PERSONAL DEVELOPMENT  
EXPERIENTIAL GROUP FOR PARENTS  
AND PRE-SCHOOL CHILDREN**

*Abstract*

*The early childhood is a life stage full of challenges for both parents and the little ones. Through a wide range of methods and techniques, experiential development groups can help children and parents to discover, learn and live together in harmony, to grow and successfully overcome this stage of life which is extremely important for the children's subsequent development.*

*Keywords: acquisitions; self-esteem; personal development; experiential approach*
