

PSYCHOLOGY OF EDUCATION AND EDUCATIONAL VALUES IN THE PEDIATRICS CLINIC

Elena Anghel-Stănilă*
"Titu Maiorescu" University
Romania

Abstract

Pediatric doctors, whose mission is to prevent or to heal disease, can find a real support in the educational psychologist and his vast competencies. He/She can come up with a wide range of services for both parents and children, which can help them embrace an authentic way of living, in harmony with the individual and family needs and thus reduce the risk of developing illness or taking medical treatments.

Keywords: child; family symptom; information; formation; re-formation; good health; early recovery; personal development
